

*Plainfield can only be described as historic. From its rich history dating back to the 1800's, to its stately homes lining main roadways and set back into the hills. It's easy to see why this culture rich city was dubbed "the Queen City".*

*What's happening in Plainfield you may ask? A lot would be the answer...From downtown revitalization to proposed redevelopment of strategic buildings and locations, it is plain to see that this is a community on the move.*

*Plainfield has seen the return of two major competitions; the Golden Gloves Boxing tournament and the Gee-Gee Brown Basketball competition. Interested youth can take part in city coordinated activities such as swimming, golfing and tennis. Add to that mix the Plainfield Symphony, which delivers world class performances during the season and it is clear to see that there really is something for everyone in this vibrant city.*

*Plainfield is a great place to live and work because of the fantastic cultural diversity that exists here; one is able to sample practically any type of cuisine from all over the world just within a stones throw of each other. There is a thriving business district and throw in the picturesque tree lined streets shading fantastic historic*

*homes that are actually affordable and you have the recipe for a true blend of the "old meeting the new".*

*I truly believe that Plainfield is one of the gems of New Jersey. We have a community who believes in getting involved and working together toward our common goal of improving the City. I have no doubt that we will see tangible improvements to the standard of living for everyone here over the course of the next few years, and that these improvements will have a sustainable and long term positive effect on all residents.*

*Sincerely,*

*Sharon M. Robinson-Briggs*
