

HAP

YOUTH COMPUTER BUILD PROGRAM

Community Education,
Business Services and a
Tablespoon of Love

FREE

Youth gain the experience of in-depth lecture concerning personal computer hardware, operating system and application software. Upon receiving the necessary tutorial background, students will be instructed on building a bare bones computer system.

This class is open to youth between the ages of 11 and 18 and is held on Saturdays from 9:00am to 12 Noon.
